Board Meetings and Committees

Our Board of Directors (the "Board of Directors" or the "Board") met nine times during 2009. All directors attended at least 75% of the aggregate meetings of the Board and meetings of the Board committees on which they served. The Board also approved certain actions by unanimous written consent. We have adopted a policy that each of our directors be requested to attend our Annual Meeting each year. All directors attended our Annual Meeting in 2009.

Independence Determination

No director will be deemed to be independent unless the Board affirmatively determines that the director has no material relationship with the Company, directly or as an officer, share owner, or partner of an organization that has a relationship with the Company. The Board observes all criteria for independence set forth in the NASDAQ listing standards and other governing laws and regulations.

In its annual review of director independence, the Board considers all commercial, banking, consulting, legal, accounting, charitable, or other business relationships any director may have with us. As a result of its annual review, the Board has determined that all of the directors, with the exception of Alexander Tokman, are independent (the "Independent Directors"). The Independent Directors are identified by an asterisk in the table above.

The NASDAQ listing standards have both objective tests and a subjective test for determining who is an "independent director." The objective tests state, for example, that a director is not considered independent if he or she is our employee or is a partner in or executive officer of an entity to which we made, or from which we received, payments in the current or any of the past three fiscal years that exceed 5% of the recipient's consolidated gross revenue for that year. The subjective test states that an independent director must be a person who lacks a relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. None of the non-employee directors were disqualified from "independent" status under the objective tests. In assessing independence under the subjective test, the Board took into account the standards in the objective tests, and reviewed and discussed additional information provided by the directors and us with regard to each director's business and personal activities as they may relate to us and our management. Based on all of the foregoing, as required by NASDAQ rules, the Board made a subjective determination as to each independent director that no relationship exists which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board has not established categorical standards or guidelines to make these subjective determinations, but considers all relevant facts and circumstances.

In addition to the Board-level standards for director independence, the directors who serve on the Audit Committee each satisfy standards established by the Securities and Exchange Commission (the "SEC") providing that to qualify as "independent" for purposes of membership on that Committee, members of audit committees may not accept, directly or indirectly any consulting, advisory, or other compensatory fee from us other than their director compensation.

Board's Role in Risk Oversight

It is management's responsibility to manage risk and bring to the Board's attention risks that are material to the Company. The Board has oversight responsibility of the processes established to report and monitor systems for the most significant risks applicable to the Company. The Board administers its risk oversight role directly and through its committee structure and the committees' regular reports to the Board at Board meetings. The Board reviews strategic, financial and execution risks and exposures associated with the annual plan and multi-year plans, major litigation and other matters that may present material risk to our operations, plans, prospects or reputation; acquisitions and divestitures and senior management succession planning.

Board Expertise and Diversity.

The Nominating Committee seeks to have a Board that represents diversity as to experience, gender, race and ethnicity, but does not have a formal policy with respect to diversity. We seek a Board that reflects a range of talents, ages, skills, viewpoints, professional experience, educational background and expertise to provide sound and prudent guidance with respect to our operations and interests. All of our directors are financially literate, and two members of our Audit Committee are audit committee financial experts.

Board Leadership Structure

Our Board annually elects a Chairman of the Board. The Board has chosen to separate the roles of Chairman and Chief Executive Officer. Mr. Gorton currently serves as Chairman and Lead Independent Director. In this role, among other duties, Mr. Gorton meets with our Chief Executive Officer and with senior officers as necessary, schedules and presides at meetings of the Board, including meetings of the Independent Directors, serves as a liaison between the Board and our management, approves meeting schedules and agendas, and undertakes other responsibilities designated by the Board. The Board believes that the separate roles of Mr. Tokman as Chief Executive Officer and Mr. Gorton as Chairman and Lead Independent Director currently well serve the interests of us and our shareholders. Mr. Tokman can devote his attention to leading the Company and focus on our business strategy. Mr. Gorton provides an appropriate level of independence in the Company's leadership through his review and approval of meeting agendas and his leadership of the Board.

Committees

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating Committee. The Board of Directors has adopted a written charter for each of these Committees. The full text of each charter is available on our website located at www.microvision.com.

The Audit Committee

The Board has an Audit Committee which assists the Board by monitoring and overseeing: (1) our accounting and financial reporting processes and the audits of our financial statements, (2) the integrity of our financial statements, (3) our compliance with legal and regulatory requirements, and (4) the performance of our internal finance and accounting personnel and our independent auditors. The Audit Committee conducts discussions related to our earnings announcements and periodic filings, as well as numerous other informal meetings and communications among the Chair, various Audit Committee members, the independent auditors and/or members of our management. Messrs. Cowell, Mulligan and Turner and Ms. Horan currently serve on the Audit Committee, with Mr. Cowell serving as Chairman. The Audit Committee met four times during 2009.

Among other matters, the Audit Committee monitors the activities and performance of our external auditors, including the audit scope, external audit fees, auditor independence matters and the extent to which the independent auditor may be retained to perform non-audit services. The Audit Committee and the Board of Directors have ultimate authority and responsibility to select, evaluate and, when appropriate, replace our independent auditor. The Audit Committee also reviews the results of the external audit work with regard to the adequacy and appropriateness of our financial, accounting and internal controls. Management and independent auditor presentations to and discussions with the Audit Committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent auditor. In addition, the Audit Committee generally oversees our internal financial controls and financial disclosure procedures.

The "audit committee financial experts" designated by the Board are Col. Richard A. Cowell (Ret.) and Brian Turner, each an independent director. Col. Cowell holds a degree in accounting and has served for nine years as Chair of our Audit Committee. During his twenty-five years of service in the United States Army, Col. Cowell oversaw and actively supervised various complex governmental projects that involved government accounting with a breadth and level of complexity comparable to accounting issues raised by our financial statements, including issues relating to estimates, accruals, and reserves. Since retiring from the Army, Col. Cowell has served as a Principal at Booz Allen Hamilton, Inc., where he provides consulting services relating to significant government projects and grants which involve significant and complex accounting issues. Mr. Turner has eight years experience as a chief financial officer of three public companies and has thirteen years of experience in various roles at PricewaterhouseCoopers LLP, including Director, Corporate Finance. Mr. Turner has been actively involved in and has supervised the preparation of financial statements that present a breadth and complexity of issues comparable to accounting issues raised by our financial statements.

The Compensation Committee

The Compensation Committee makes decisions on behalf of, and recommendations to, the Board regarding salaries, incentives and other forms of compensation for directors, officers, and other key employees, and administers policies relating to compensation and benefits. The Compensation Committee also serves as the Plan Administrator for our stock option plans. The Compensation Committee reviewed the relationship between our risk management policies and practices, organizational structure, operating policies, corporate strategy and our compensation programs to confirm that our compensation programs do not encourage unnecessary and excessive risks. The Compensation Committee Report is set forth below on page 11. Messrs. Gorton and Turner and Ms. Horan currently serve as members of the Compensation Committee, with Mr. Turner serving as chairman. The Compensation Committee met four times during 2009.

The Nominating Committee

The Nominating Committee counsels the Board of Directors with respect to Board and Committee structure and membership. In fulfilling its duties, the Nominating Committee, among other things, will:

- establish criteria for nomination to the Board and its committees, taking into account the composition of the Board as a whole;
- identify, review, and recommend director candidates for the Board;
- recommend directors for election at the annual meeting of shareholders and to fill new or vacant positions;
- establish policies with respect to the process by which our shareholders may recommend candidates to the Nominating Committee for consideration for nomination as a director;
- assess and monitor, with Board involvement, the performance of the Board; and
- recommend directors for membership on Board Committees.

Messrs. Cowell, Gorton and Mulligan currently serve as members of the Nominating Committee, with Mr. Gorton serving as Chairman. The Nominating Committee met two times during 2009.

The Nominating Committee will consider recommendations for directorships submitted by shareholders, or groups of shareholders, that have beneficially owned at least 5% of our outstanding shares of common stock for at least one year prior to the date the nominating shareholder submits a candidate for nomination as a director. A nominating shareholder or group of nominating shareholders may submit only one candidate for consideration. Shareholders who wish the Nominating Committee to consider their recommendations for nominees for the position of director should submit their request in writing no later than the 120th calendar day before the anniversary of the date the prior year's annual meeting proxy statement was released to shareholders. Such written requests should be submitted to the Nominating Committee care of the Corporate Secretary, Microvision, Inc., 6222 185th Avenue NE, Redmond, Washington 98052, and must contain the following information:

- The name, address, and number of shares of common stock beneficially owned by the nominating shareholder and each participant in a nominating shareholder group (including the name and address of all beneficial owners of more than 5% of the equity interests of an nominating shareholder or participant in a nominating shareholder group);
- A representation that the nominating shareholder, or nominating shareholder group, has been the beneficial owner of more than 5% of our outstanding shares of common stock for at least one year and will continue to beneficially own at least 5% of our outstanding shares of common stock through the date of the annual meeting;
- A description of all relationships, arrangements, or understandings between or among the nominating shareholder (or any participant in a nominating shareholder group) and the candidate or any other person or entity regarding the candidate, including the name of such person or entity;
- All information regarding the candidate that we would be required to disclose in a proxy statement filed pursuant to the rules and regulations of the SEC with respect to a meeting at which the candidate would stand for election;
- Confirmation that the candidate is independent, with respect to the Company, under the independence requirements established by us, the SEC, and NASDAQ listing requirements, or, if the candidate is not independent with respect to the Company under all such criteria, a description of the reasons why the candidate is not independent;
- The consent of the candidate to be named as a nominee and to serve as a member of the Board if nominated and elected;
- A representation signed by the candidate that if elected he or she will: (1) represent all shareholders of the Company in accordance with applicable laws, and our certificate of incorporation, by-laws, and other policies; (2) comply with all rules, policies, or requirements generally applicable to non-employee directors; and (3) upon request, complete and sign customary Directors and Officers Questionnaires.

In its assessment of each potential candidate, the Nominating Committee will review the nominee's judgment, experience, independence, understanding of our or other related industries and such other factors the Nominating Committee determines are pertinent in light of the current needs of the Board. The Nominating Committee will also take into account the ability of a director to devote the time and effort necessary to fulfill his or her responsibilities.

Nominees may be suggested by directors, members of management, and, as described above, by shareholders. In identifying and considering candidates for nomination to the Board, the Nominating Committee considers, in addition to the requirements set out in the Nominating Committee charter, quality of experience, our needs and the range of talent and experience represented on the Board.

Shareholder Communication with the Board of Directors

We have adopted written procedures establishing a process by which our shareholders can communicate with the Board of Directors regarding various topics related to the Company. A shareholder desiring to communicate with the Board, or any individual director, should send his or her written message to the Board of Directors (or the applicable director or directors) care of the Corporate Secretary, Microvision, Inc., 6222 185th Avenue NE, Redmond, Washington 98052. Each submission will be forwarded, without editing or alteration, by the Secretary to the Board, or the applicable director or directors, on or prior to the next scheduled meeting of the Board. The Board will determine the method by which such submission will be reviewed and considered. The Board may also request the submitting shareholder to furnish additional information it may reasonably require or deem necessary to sufficiently review and consider the submission of such shareholder.

ITEM 11. EXECUTIVE COMPENSATION.

Compensation Discussion and Analysis

Executive Compensation Objectives

The Company's executive compensation program is designed to attract, retain, motivate and recognize high performance executive officers. The Compensation Committee is responsible for and oversees the Company's compensation program. The Company's philosophy is to provide compensation programs that incentivize and reward both the short and long-term performance of the executive officers relative to the Company's performance. Thus, the Compensation Committee utilizes compensation components that measure overall Company performance, including performance against the Company's annual strategic operating plan. In addition, the Compensation Committee seeks to align the interests of the Company's executive officers with its shareholders.

Executive Compensation Components

Overview. The principal elements of the Company's compensation are base salary, incentive bonus awards, and equity awards. The Company's executive compensation policy recognizes that stock price is only one measure of performance, and given industry business conditions and the long-term strategic direction and goals of the Company, it may

not necessarily be the best current measure of executive performance. Thus, the Compensation Committee considers the median level of compensation of its peer group and the achievement of the Company's business objectives when determining executive compensation.

In November 2007, the Compensation Committee retained an independent compensation consultant. The consultant was tasked with examining the compensation of the named executive officers and providing an analysis of that compensation relative to other companies. The consultant studied data from the proxy statements of a select group of publicly-traded companies and from nationally recognized surveys. Data from these two sources was equally weighted in determining the median market levels of compensation. The Company's peer group was selected based on input from the Compensation Committee and senior management. In selecting the Company's peer group, the Compensation Committee and senior management considered companies that were at a similar business stage and companies that were of a similar size in the high-technology and general industries in which the Company operates. In providing its report to the Compensation Committee, the consultant also took into account that information for the Company's peer group was reported as of different dates for different companies. The companies comprising the Company's peer group were 3D Systems Corporation, Arrowhead Research Corporation, eMagin Corporation, Excel Technology, Inc., Hoku Scientific, Inc., Immersion Corporation, Keithley Instruments, Inc., Mechanical Technology Inc., MoSys, Inc., Phoenix Technologies Ltd., ThermoGenesis Corp., Universal Display Corporation, and Zygo Corp. Data from these companies was compiled and averaged over a three-year period. Since proxy data is not job specific (i.e., various positions could be represented among the named executive officers), job specific data from nationally recognized surveys was also used. The nationally recognized published surveys utilized were the Aon Executive Compensation Survey, Economic Research Institute Executive Assessor, Culpepper Technology Executive Pay Report, Mercer Executive Compensation Survey, and Watson Wyatt Top Management Compensation Survey. For determining 2009 compensation, no independent compensation consultant was retained by the Company or the Compensation Committee.

Base Salary. Base salaries for the named executive officers are primarily based on the position, taking into account competitive market compensation paid by other companies in the Company's peer group for similar positions. Recommendations from the Chief Executive Officer as to increases in base salaries for each executive officer (other than for the Chief Executive Officer) based on the Chief Executive Officer's evaluation of the executive officer's performance are also taken into account.

As with total executive compensation, the Compensation Committee believes that executive base salaries should generally target the median base salary of the Company's peer group. Each named executive officer's base salary is also determined by reviewing the other components of the executive officer's compensation to ensure that the total compensation is in line with the Compensation Committee's overall compensation philosophy. The Compensation Committee makes a recommendation on the Chief Executive Officer's compensation to the full Board of Directors, which then has the authority to approve it.

Salaries for 2008 were based on the compensation objectives mentioned above and, in the case of Alexander Tokman, his employment agreement. Although no changes were made in the Company's overall compensation philosophy, the Company took measures to control costs in 2009, which included holding our executives' salaries consistent with 2008 levels. Mr. Tokman's employment agreement provided for a base salary increase for 2009 of 5%. In order to conserve cash, Mr. Tokman agreed to accept an award of 14,000 shares of stock in lieu of such base salary increase. Accordingly, 2009 base salaries for Messrs. Tokman, Wilson, Walker, Madhavan and Brown were \$347,288, \$204,000, \$229,288, \$202,460, and \$180,000, respectively.

Incentive Bonus. The Compensation Committee believes that a portion of an executive officer's total compensation, an incentive bonus, should be based on the Company's performance. The Compensation Committee believes that structuring a significant portion of each executive officer's annual cash compensation as an incentive bonus, and the contingent nature of that compensation, induces an executive officer to execute on both the short and long-term goals of the Company. It has structured the executive compensation program to reflect this philosophy by creating an incentive bonus framework that translates Company performance into incentive bonuses.

Each of the named executive officers is eligible for an annual incentive bonus. The amount of the bonus depends generally on the level of Company performance, with a target set as a percentage of base salary. The Compensation Committee approves the target bonus percentages and the actual bonus awards for all executive officers, except the Chief Executive Officer. The Compensation Committee makes a recommendation to the full Board regarding the Chief Executive Officer. As Mr. Brown was no longer an executive officer of the Company at the time of determination of bonus payments for 2009, his bonus was determined by the Chief Executive Officer. Target bonus percentages are set to be approximately at the median of the Company's peer group.

In 2009, the Compensation Committee approved 40% as a target bonus award (as a percentage of base salary) for the named executive officers other than the Chief Executive Officer. In 2009, the Compensation Committee recommended to the Board, and the Board approved, 65% as a target bonus award (as a percentage of base salary) for the Chief Executive Officer. The amount of the bonus actually awarded to executives is determined solely in the discretion of the Compensation Committee for all executive officers, except the Chief Executive Officer. The Compensation Committee makes a recommendation to the full Board regarding the Chief Executive Officer. In determining bonus amounts to be paid and recommended for 2009, the Compensation Committee evaluated factors such as overall Company performance, financial performance, advancements in the Company's technology, and team performance. This determination also included the evaluation of performance against the following business objectives set forth in the Company's 2009 operating plan: (1) maturing the Company's PicoP platform for product launch; (2) delivering on PicoP programs other than mobile device products; (3) achieving revenue, balance sheet and other financial targets; and (4) improving the effectiveness and culture of the organization.

Using its discretionary authority, the Compensation Committee recommended to the Board, and the Board approved, an incentive bonus for Alexander Tokman of \$245,700. The Compensation Committee awarded Jeff Wilson, Thomas Walker, and Sridhar Madhavan bonuses of \$81,600, \$91,700 and \$81,000 respectively. The Chief Executive Officer awarded Ian Brown a bonus of \$36,000. Due to poor economic conditions and in order to reduce the cash needs of the Company, with respect to the Chief Executive Officer, the Compensation Committee recommended to the Board, and the Board approved paying 54% of the incentive bonus in cash with the remainder paid in stock options. With respect to each of the other executive officers, as well as Mr. Brown, the Compensation Committee approved, paying the incentive bonus half in cash and the other half in stock options. The options were valued for this purpose at \$2.40 per option and had an exercise price equal to the closing market price of the Company's common stock on the NASDAQ Global Market on the grant date. The options were fully vested upon grant with a ten year term.

Equity Awards. The Compensation Committee believes that equity participation is a key component of the Company's executive compensation program. Equity awards are designed to attract and retain executive officers and to motivate them to enhance shareholder value by aligning the financial interests of executive officers with those of shareholders. Each year the Compensation Committee reviews the size and composition of the equity grants to ensure that they are aligned with the Company's compensation philosophy of compensating executives at the median of the Company's peer group. Similar to base salary, a review of equity award levels is conducted to ensure that a named executive officer's equity compensation comports with the Compensation Committee's overall philosophy and objectives and is competitive with the Company's peer group.

Stock options and restricted stock units awarded to the named executive officers in 2009 were granted under, and subject to, the 2006 Incentive Plan. The stock options typically vest 25% upon the first anniversary of the date of grant and 25% upon each subsequent anniversary. The option awards expire 10 years from the date of grant, and optionees who terminate their service after vesting have a limited time to exercise their options (typically three to twelve months). The options also contain a provision for acceleration of exercisability of all unvested options in the event of a change in control of the Company that does not result in an assumption, substitution or pay off of such awards by the acquiring company. The restricted stock units have three-year cliff vesting, which is tied to continued employment. The exercise price of the options is the closing sale price of the Company's common stock on the NASDAQ Global Market on the date of the grant.

The Compensation Committee's practice is to make annual equity awards as part of its overall philosophy of performance-based compensation. Restricted stock and stock options are awarded by the Compensation Committee to executive officers based on a philosophy of providing equity incentives at the median of the Company's peer group. In 2009, the value of the long-term incentive award was split 70% stock options and 30% restricted stock units.

In 2009, the Compensation Committee approved 45% (as a percentage of base salary) for the level of equity awards to the named executive officers other than the Chief Executive Officer. The Committee recommended to the Board, and the Board approved, 110% (as a percentage of base salary) for the level of equity awarded to the Chief Executive Officer. The percentages were used to determine a total dollar value. Stock options were valued at \$2.00 and restricted stock units were valued using the grant price. Those values were then utilized to calculate the respective number of shares of options and restricted stock units to award to an executive.

In 2009, Mr. Tokman was awarded 203,707 stock options, 70,000 of which were granted in lieu of Mr. Tokman's 2008 cash bonus. Jeff Wilson, Thomas Walker, Sridhar Madhavan and Ian Brown were awarded 57,430, 64,563, 56,985 and 50,650 stock options, respectively, including, 25,300, 28,450, 25,100, and 22,300 stock options granted in lieu of 2008 cash bonuses for Mr. Wilson, Mr. Walker, Mr. Madhavan and Mr. Brown, respectively. In 2009, Mr. Tokman was awarded 236,303 restricted stock units, 14,000 of which were in lieu of a contractual base salary increase and vested in 2009 and 110,000 of which were granted pursuant to the terms of Mr. Tokman's Employment Agreement

and vest based on meeting service and performance criteria awards. In 2009, Mr. Wilson, Mr. Walker, Mr. Madhavan and Mr. Brown were awarded 13,770, 15,477, 13,665 and 12,150 restricted stock units, respectively.

Tax Deductibility of Compensation

Limitations on the deductibility of compensation may occur under Section 162(m) of the Internal Revenue Code of 1986, which generally limits a public company's tax deduction for compensation paid to its named executive officers to \$1 million in any year. In addition, Section 162(m) specifically exempts certain performance-based compensation from the deduction limit. It is the intent of the Compensation Committee to have the Company's compensation program be deductible without limitation. However, the Compensation Committee will take into consideration various other factors, together with Section 162(m) considerations, in making executive compensation decisions and could, in certain circumstances, approve and authorize compensation that is not fully tax deductible.

Processes and Procedures

Role of the Compensation Committee and the Chief Executive Officer in the Compensation Process The Chief Executive Officer, with the assistance and support of the human resources department, provides recommendations regarding the compensation of the executive officers, including himself. The Compensation Committee considers these recommendations and consults with the Chief Executive Officer as to his recommendations for the executive officers. The Compensation Committee considers the Chief Executive Officer's recommendations, together with the Compensation Committee's philosophy, objectives and market data in approving these recommendations. The Compensation Committee makes a recommendation on the Chief Executive Officer's compensation to the full Board of Directors, who then has the authority to approve it.

Role of Compensation Consultants in the Compensation Process The Compensation Committee's charter provides the Compensation Committee with the authority to retain a compensation consulting firm in its discretion. However, no independent compensation consultant was retained by the Company or the Compensation Committee in connection with determining 2009 compensation.

Compensation Committee Report

The Compensation Committee has reviewed and discussed this Compensation Discussion and Analysis with management. Based on the review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this report for filing with the Securities and Exchange Commission.

Potential Payments upon Termination or Change in Control

All of our named executive officers, except for Alexander Tokman, are employed at will and do not have employment agreements. Mr. Tokman's employment agreement is summarized below. Under the 2006 Incentive Plan, 100% of each of the named executive officers' options which have not been exercised will become fully vested and immediately exercisable upon a change of control of the Company that does not result in an assumption, substitution or pay off of such award by the acquiring company. In addition, 100% of each named executive officers restricted stock units will become fully vested upon a change of control of the Company.

The following table sets forth aggregate estimated payment obligations to each of our named executive officers assuming a termination without cause, or a change in control, occurred on December 31, 2009.

Name	Payments Due in Connection with a Termination of Employment without Cause or for Good Reason	Payments Due in Connection with a Change of Control and Termination of Employment without Cause or for Good Reason	Payments Due in Connection with Change in Control
Alexander Y. Tokman	731,668	2,404,191	1,496,533
Jeff T. Wilson	--	--	269,758
Thomas M. Walker	--	--	301,184
Sridhar Madhavan	--	--	221,324
Ian D. Brown	--	--	196,875

(1) We used the following assumptions to calculate these payments:

- We included the estimated intrinsic value of accelerating any award of stock options or awards that are accelerated upon a change in control. In the case of a change in control, we assumed that all such awards would be cashed out at closing using the closing price of our common stock on the NASDAQ Global Market on December 31, 2009, which was \$3.17 per share. See the table titled 'Outstanding Equity Awards at Fiscal Year-End 2009' for information regarding unvested equity awards.

Employment Agreement

Payment upon Termination. Under Mr. Tokman's employment agreement with the Company dated April 7, 2009, if he dies, becomes disabled, retires, terminates his employment other than for "good reason" or is terminated by us for "cause," he will be provided his earned but unpaid base salary, earned but unused vacation time, any bonus compensation for the prior year which is unpaid on the date of termination to the extent bonuses are paid to other officers, 18 months of certain group and medical benefits for Mr. Tokman's family and any business expenses which have not yet been reimbursed by us. If we terminate him "other than for cause," or if he terminates his employment for "good reason," he will receive, in addition to the amounts listed in the foregoing sentence, his base salary for 18 months following the date of his termination, plus an amount equal to his target bonus for the year prior to the termination, and we will continue to pay certain group medical and dental expenses in that 18-month period. We do not accelerate the vesting of equity incentives for our executive officers in the event of a termination of employment. In the event of a change in control of the Company, all unvested stock options vest upon the change in control if the change in control does not result in an assumption, substitution or pay off of such award by the acquiring company, and the Compensation Committee has the discretion to remove the vesting restrictions on all unvested restricted shares.

In determining whether a termination occurred with or without "cause," "cause" is deemed to exist under Mr. Tokman's employment agreement when there is a repeated willful failure to perform or gross negligence in the performance of his duties; fraud, embezzlement or other dishonesty with respect to us; a material breach of his obligations of confidentiality, non-competition, or non-solicitation against us; or commission of a felony or other crime involving moral turpitude.

In determining whether Mr. Tokman has "good reason" to terminate his employment, "good reason" is deemed to exist when: we have failed to continue him in a certain position; there is a substantial diminution in the nature and scope of his responsibilities; there is a material failure of us to provide him with base salary and benefits, excluding an inadvertent failure which is cured within a certain time period; or his office is relocated more than thirty-five miles from the then-current location of our principal offices without his consent. Mr. Tokman may only terminate his employment for good reason if he (a) gives notice to us within ninety (90) days of the initial occurrence of the event or condition constituting good reason, setting forth in reasonable detail the nature of such good reason; (b) we fail to cure within thirty (30) days following such notice; and (c) Mr. Tokman terminates his employment within thirty (30) days following the end of the thirty (30)-day cure period (if we fail to cure).

Payment upon a Change in Control In the event of a change of control and the termination of Mr. Tokman's employment "other than for cause" by us within two years following a change of control or if Mr. Tokman terminates his employment for "good reason" within six months following a change of control, we must pay Mr. Tokman an amount equal to two times the sum of one year of base salary plus a payment equal to his target bonus. The foregoing amount will be paid in a single lump sum. We must also pay the full cost of Mr. Tokman's continued participation in our group health and dental plans for two years or, if less, for so long as he remains entitled to continue such participation under applicable law. In addition, 100% of his options, restricted stock or other equity awards which have not been exercised and have not expired or been surrendered or cancelled, will become exercisable in accordance with the applicable award agreement.

Our obligation to pay the severance amounts mentioned in this "Payments upon a Termination or Change in Control" section is subject to Mr. Tokman signing an employee release. Also, Mr. Tokman must comply with certain confidential information and assignment of intellectual property obligations. Further, Mr. Tokman is subject to a non-compete and non-solicit obligation for 12 months following his termination.

Director Compensation for 2009

The following table provides information concerning our non-employee directors during 2009. Alexander Tokman was not paid additional compensation for his service as director and his compensation is fully reflected in the other tables contained in this report.

Name	Fees Earned or Paid in Cash (\$)	Option Awards (\$)	(1)	(2)	Total (\$)

Richard A. Cowell	48,000	40,004	88,004
Slade Gorton	50,000	40,004	90,004
Jeanette Horan	48,000	40,004	88,004
Marc Onetto (4)	8,000	--	8,000
Brian Turner	51,000	40,004	91,004

- (1) Reflects the fair value of option awards on the grant date in accordance with FASB ASC Topic 718
- (2) The following table shows the number of outstanding shares underlying option and stock awards for each of our non-employee directors as of December 31, 2009:

Name	Outstanding Option Awards (#)	Outstanding Stock Awards (#) (3)
Richard A. Cowell	153,867	7,092
Slade Gorton	120,000	7,092
Jeanette Horan	90,000	7,092
Marc Onetto (4)	75,000	7,092
Brian Turner	90,000	7,092

- (3) The indicated awards represent one-half of each non-employee directors' annual fee for 2008, which was paid in shares of common stock.
- (4) Marc Onetto did not stand for reelection in 2009 and was not a director of the Company as of December 31, 2009.

Each non-employee director is granted a nonstatutory option to purchase 15,000 shares of common stock on the date on which he or she is first elected or appointed to the Board of Directors. These options are fully vested and immediately exercisable upon the date of grant. Each non-employee director also receives, upon his or her initial appointment or election and upon each subsequent reelection to the Board of Directors, an option to purchase 15,000 shares that will vest in full on the earlier of (i) the day prior to the date of our annual meeting of shareholders next following the date of grant, or (ii) one year from the date of grant, provided the non-employee director continues to serve as a director on the vesting date. If a non-employee director ceases to be a director for any reason other than death or disability before his or her term expires, then any outstanding unvested options issued to such Independent Director will be forfeited. Options vested as of the date of termination for any reason other than death or disability are exercisable through the date of expiration. The exercise price for each option is equal to the closing price of our common stock as reported on the NASDAQ Global Market on the date of grant. The options generally expire on the tenth anniversary of the date of grant.

In addition, each non-employee director generally receives the following cash compensation for his or her service as a director:

- A fee of \$20,000 that accrues as of the date of appointment or election to the Board of Directors, and as of the date of each subsequent reelection;
- A fee of \$3,000 for the Board chair or \$2,000 per director for each Board meeting attended by the director; and
- A fee of \$3,000 for the committee chair or \$2,000 per committee member for each committee meeting attended by the director that is held on a day other than a day on which a Board meeting is held.

Mr. Mulligan, who joined our Board as a non-employee director in January 2010, did not receive an option award or other compensation upon joining the Board and is not currently being compensated for his services as a director. All directors are reimbursed for reasonable travel and other out-of-pocket expenses incurred in attending meetings of the Board of Directors.

Security Ownership of Certain Beneficial Owners and Management

Shares of common stock subject to options or warrants that are currently exercisable or convertible or may be exercised or converted within sixty days are deemed to be outstanding and to be beneficially owned by the person holding these options or warrants for the purpose of computing the number of shares beneficially owned and the percentage of ownership of the person holding these securities, but are not outstanding for the purpose of computing the percentage ownership of any other person or entity. Subject to community property laws where applicable, and except as otherwise noted, we believe that each shareholder named in this table has sole voting and investment power with respect to the shares indicated as beneficially owned thereby.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE.

Under the Code of Conduct adopted by us, officers, directors and employees must avoid even the appearance of a conflict of interest. Under the Code of Ethics for Microvision Executives we have adopted, our chief executive officer, chief financial officer and other senior operating and financial executives must report any material transaction or relationship that reasonably could be expected to give rise to a conflict of interest. We also review questionnaires completed by all directors and executive officers for potential "related-person transactions" between us and related persons. The Board's Audit Committee is responsible for review, approval, or ratification of related-person transactions. The Audit Committee determines whether the related person has a material interest in a transaction and may approve, ratify, rescind, or take other action with respect to the transaction in its discretion.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

Our independent auditors, PricewaterhouseCoopers LLP, billed the following fees to us for audit and other services for the fiscal years 2009 and 2008:

Audit Fees

The aggregate fees billed for professional services rendered by PricewaterhouseCoopers LLP for the audit of our annual financial statements and the reviews of the financial statements included in our Quarterly Reports on Form 10-Q were \$414,100 for the year ended December 31, 2009 and were \$529,280 for the year ended December 31, 2008.

Audit Related Fees

There were no fees for audit related services in 2009 or 2008.

Tax Fees

Fees for tax services, including federal and state tax compliance, tax advice and tax planning, totaled \$0 in 2009 and \$1,732 in 2008.

All Other Fees

Fees for all other services not described above totaled \$1,500 in each of 2009 and 2008 for a subscription to an online accounting research tool.

The Audit Committee has considered whether the provision of services under the heading "All Other Fees" is compatible with maintaining the accountants' independence and has determined that it is consistent with such independence.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

The Audit Committee pre-approves all audit services and all permitted non-audit services by the independent auditors. The Audit Committee has delegated the authority to take such action between meetings to the Audit Committee chairman, who reports the decisions made to the full Audit Committee at its next scheduled meeting.

The Audit Committee evaluates whether our use of the independent auditors for permitted non-audit services is compatible with maintaining the independence of the independent auditors. The Audit Committee's policies prohibit us from engaging the independent auditors to provide any services relating to bookkeeping or other services related to accounting records or financial statements, financial information systems design and implementation, appraisal or valuation services, fairness opinions or contribution-in-kind reports, actuarial services, or internal audit outsourcing services unless it is reasonable to conclude that the results of these services will not be subject to audit procedures. The Audit Committee's policies completely prohibit us from engaging the independent auditors to provide any services relating to any management function, expert services not related to the audit, legal services, broker-dealer, investment adviser, or investment banking services or human resource consulting.
